

Promptathon – Week 2 Day 1 HW

Scenario 1 — Search Functionality

✗ **Weak:** "Test the search feature."

What I Feel is Missing: No product type, no filter/sort behaviour, no validation on empty/invalid input

Context

Act as a Senior Test Engineer - ecommerce shopping website

Instruction

[MANDATORY] Generate testcases for searching fun activity book'

[MANDATORY] Include Functional and Non-functional cases

[MANDATORY] Include Positive and negative cases

[DO NOT] Include languages other than English and Tamil language

[ONLY] Include paperback books that are in stock

[STRICT] age criteria from 3 to 10

[RESTRICT] Test cases count with 15

Example:

TCID	Description	Priority	Category	Preconditions	Test Data	Test Steps	Expected Result	Test Status
------	-------------	----------	----------	---------------	-----------	------------	-----------------	-------------

Persona

Act as a Senior Business Analyst with gap analysis to review the testcases

Output

Downloadable excel

Tone:

Professional Tone with clarity

Observation: Covering the requirements with business rules and business validation in single prompt made easier for test case generation

Output from the Prompt:

ID	Description	Priority	Category	Preconditions	Test Data	Test Steps	Expected Result	Test Status
TC001	Search in-stock English paperback fun activity book	High	Functional-Positive	In-stock English paperback books available	Keywords=Fun Activity Book, Language=English, Age=5	Enter keyword and search	Only in-stock English paperback books for age 5 displayed	Not Exe
TC002	Search in-stock Tamil paperback fun activity book	High	Functional-Positive	In-stock Tamil paperback books available	Keywords=Fun Activity Book, Language=Tamil, Age=7	Enter keyword and search	Only in-stock Tamil paperback books for age 7 displayed	Not Exe
TC003	Search using exact book title	High	Functional-Positive	Book exists and is in stock	Exact Paperback Book Title, English, Age=8	Search using exact title	Matching in-stock paperback book displayed	Not Exe
TC004	Apply Paperback filter	High	Functional-Positive	Paperback filter available	Paperback, In Stock	Apply paperback filter	Only in-stock paperback books displayed	Not Exe
TC005	Apply in-stock filter	High	Functional-Positive	Stock filter available	In Stock/yes	Apply stock filter	Only available books are displayed	Not Exe
TC006	Filter age 3 books	High	Functional-Positive	Age filter available	Age=3, English	Apply age filter	Only in-stock paperback books suitable for age 3 displayed	Not Exe
TC007	Filter age 10 books	High	Functional-Positive	Age filter available	Age=10, Tamil	Apply age filter	Only in-stock paperback books suitable for age 10 displayed	Not Exe
TC008	Filter age range 3-10	High	Functional-Positive	Age filter available	Age=3-10	Apply age range filter	Only eligible in-stock paperback books displayed	Not Exe
TC009	Search with mixed case keyword	Medium	Functional-Positive	Search enabled	Fun ACTIVITY BoOk	Search with mixed case	Search is case insensitive and returns valid results	Not Exe
TC010	Search with age below minimum limit	High	Functional-Negative	Age filter available	Age=2	Apply filter	Validation message displayed or no results returned	Not Exe
TC011	Search with age above maximum limit	High	Functional-Negative	Age filter available	Age=11	Apply filter	Validation message displayed or no results returned	Not Exe
TC012	Search with unsupported language	Medium	Functional-Negative	Language filter available	Language=Hindi	Perform search	Results not returned or validation displayed since only English/Tamil supported	Not Exe
TC013	Search with blank keyword	High	Functional-Negative	Search page loaded	Blank	Click search	Prompt displayed to enter search criteria	Not Exe
TC014	Verify search response time	High	Non-Functional-Performance	System operational	English Paperback In Stock Age=6	Perform search	Results displayed within defined SLA (<3 seconds)	Not Exe
TC015	Verify accessibility and usability	Medium	Non-Functional-Usability	Accessibility support enabled	Tamil Paperback In Stock Age=4	Navigate and search using keyboard	Search and results accessible via keyboard/screen reader	Not Exe

Scenario 2 — File Upload

✗ Weak: "Generate test cases for file upload."

What I Feel is Missing: No file type, no size limit, no success/failure criteria

Context

Act as a Senior Test Engineer – for banking domain application

Instruction

[MANDATORY] Generate testcases for file upload in application

[ONLY] Include Functional cases

[ONLY] Authorized active users can login to the system with valid credentials

[ONLY] when the status is Pending KYC

[STRICT] Allow only PDF or JPEG file types

[MANDATORY] Required documents must be uploaded before submission

[RESTRICT] individual file upload size limit to 2MB

[STRICT] total upload size should not exceed 20MB

[MANDATORY] New upload should create a new version

[MANDATORY] Audit trail validation record made with Uploaded by, Upload Date/Time, File Name, Modified by, Version Number

[MANDATORY] Limit the test cases to 20

Example:

TCID | Description | Priority | Preconditions | Test Data | Test Steps | Expected Result | Test Status

Persona

Act as a Senior Business Analyst with gap analysis to review the testcases

Output

Downloadable excel

Tone:

Observation: Covering the requirements with business rules and business validation in single prompt made easier for test case generation

Output from the Prompt:

A	B	C	D	E	F	G	H
TCID	Description	Priority	Preconditions	Test Data	Test Steps	Expected Result	Test Status
TC001	Upload valid PDF file	High	Active authorized user; Pending KYC	PDF 1MB	Upload file	Upload successful	Not Executed
TC002	Upload valid JPEG file	High	Active authorized user; Pending KYC	JPEG 1.5MB	Upload file	Upload successful	Not Executed
TC003	Upload option availability in Pending KYC	High	Active authorized user	Status=Pending KYC	Open upload section	Upload option available	Not Executed
TC004	Upload PDF exactly 2MB	High	Active authorized user; Pending KYC	PDF 2MB	Upload file	Upload successful	Not Executed
TC005	Upload JPEG exactly 2MB	High	Active authorized user; Pending KYC	JPEG 2MB	Upload file	Upload successful	Not Executed
TC006	Upload PDF >2MB	High	Active authorized user; Pending KYC	PDF 2.1MB	Upload file	Validation displayed	Not Executed
TC007	Upload JPEG >2MB	High	Active authorized user; Pending KYC	JPEG 2.1MB	Upload file	Validation displayed	Not Executed
TC008	Upload PNG file	High	Active authorized user; Pending KYC	PNG 1MB	Upload file	Upload rejected	Not Executed
TC009	Upload DOCX file	High	Active authorized user; Pending KYC	DOCX 1MB	Upload file	Upload rejected	Not Executed
TC010	Submit without mandatory documents	High	Active authorized user; Pending KYC	No documents	Click Submit	Submission blocked	Not Executed
TC011	Submit with all mandatory documents	High	Active authorized user; Pending KYC	Required PDF/JPEG files	Upload and submit	Submission successful	Not Executed
TC012	Total upload size exactly 20MB	High	Active authorized user; Pending KYC	Files total=20MB	Upload files	Upload successful	Not Executed
TC013	Total upload size exceeds 20MB	High	Active authorized user; Pending KYC	Files total=20.5MB	Upload files	Validation displayed	Not Executed
TC014	Upload new version of document	High	Existing uploaded document	Updated PDF	Upload same document	New version created	Not Executed
TC015	Verify version increment	High	Version 1 exists	Updated file	Upload updated file	Version increments	Not Executed
TC016	Audit trail Uploaded By	High	Document uploaded	Valid upload	View audit trail	Uploaded By recorded	Not Executed
TC017	Audit trail Upload Date/Time	High	Document uploaded	Valid upload	View audit trail	Upload Date/Time recorded	Not Executed
TC018	Audit trail File Name	High	Document uploaded	Valid upload	View audit trail	File Name recorded	Not Executed
TC019	Audit trail Modified By and Version	High	Updated version uploaded	Versioned file	View audit trail	Modified By and Version recorded	Not Executed
TC020	Unauthorized/inactive user upload restriction	High	Inactive/unauthorized user	PDF 1MB	Attempt upload	Access denied	Not Executed

Scenario 4 — Role-Based Access Control

✗ **Weak:** "Write test cases for user roles."

What I Feel is Missing: No detail about role types, no detail about permissions and accessibility, no details on domain and application

Context

Act as a Senior Test Engineer – for banking domain application

Instruction

[MANDATORY] Generate testcases for user roles Admin, Manager and User

[ONLY] Include Functional cases

[ONLY] Authorized active users can login to the system with valid credentials

- [STRICT] Access is granted only to resources assigned to their role
- [MANDATORY] Users with multiple roles receive appropriate permission
- [MANDATORY] Higher role inherits permission of lower roles
- [ONLY] Admin can perform CURD operations
- [RESTRICT] Manager role have limited actions such as creation and deletion of user is not allowed
- [MANDATORY] Limit the test cases to 20

Example:

TCID | User Role | Description | Priority | Preconditions | Test Data | Test Steps | Expected Result | Test Status

Persona

Act as a Senior Business Analyst with gap analysis to review the testcases

Output

Downloadable excel
